

Amy L. Fraley is employed as a Clinical Associate Professor and the Director of Clinical Education for the Professional Athletic Training Program at the University of South Carolina and has been serving in that role since 2015. She earned her PhD in Exercise Science with a specialization in Rehabilitation Sciences from the University of South Carolina, following an MA in Exercise and Sport Science from the University of North Carolina at Chapel Hill and a BS in Physical Education from the University of South Carolina.

Her scholarly work spans injury prevention, musculoskeletal injury risk in military populations, and advancing clinical practice through evidence-based approaches, leading to her development and supervision of athletic training services for the USC Reserve Officers' Training Corps. She was previously employed by the Moore Center for Orthopedics, providing outreach athletic training services to Dutch Fork High School in Irmo, South Carolina and as a graduate assistant athletic trainer with the women's soccer and softball teams at the University of North Carolina.

Previous leadership and service opportunities have included President, President-Elect, and Secretary of the South Carolina Athletic Trainers' Association, District III Representative to the NATA Young Professionals' Committee, Chair of the SCATA College and University Committee, South Carolina Ambassador to the NATA Foundation, and South Carolina Student Senator to the MAATA Student Senate.
